Cune Blanco Reserva 2020

6x75cl

Winemaker Notes

This is a return to the classical style of Cune Blanco Reserva that was produced in the past. The wines were historically consumed locally and never really exported. Now we would like to share this traditional style of white Rioja.

Vineyard

Once the grapes achieve optimum ripness, the bunches are picked Hand.

Winemaking

The juice from the pressing of the full clusters is fermented in a combination of concrete and oak vats - and also some barriques. It is matured in barrel for 18 months.

Vintage

The harvest of the Viura grapes selected for this wine, was carried out from September 11th to 12th. 2020 was an atypical year for the Viura grapes, which ripened more slowly than usual, giving very aromatic wines.

Food match

The ideal pairing for white meat, fish, pasta and rice.
