3.54 g/l

pH  
3.43

Total Acidity  
7.19 g/l

Tasting note printed  
16/01/2026

## Winemaker Notes

The Estate Reserva Malbec has an intense and opaque purple red colour. Intense aromas of red and black fruits such as raspberry, plum and blueberry on the nose, accompanied by floral notes of violet and lavender, with a spicy background of pepper and nutmeg. On the palate the flavours of ripe black fruits, sweet spices, fine pastries and a subtle hint of cocoa stand out. Full-bodied and well-structured, with fine, chalky textured tannins and a lingering, pleasant finish.

## Vintage

The 2023 vintage in Aconcagua was exceptionally warm—surpassing even 2017 and 2020—but thanks to well-managed vineyards and the moderating influence of the coastal trough, the wines show remarkable balance. Despite high heat summation, water availability from normal winter rainfall and supplemental irrigation supported healthy vine growth, while protective netting helped preserve fruit integrity and acidity. Phenological stages progressed well, with even fruit set and a uniform veraison. Most varieties were harvested at typical times, with Carmenere picked slightly early to retain freshness. The result is a vintage marked by vibrant color, ripe yet fresh fruit, juicy acidity, and fine, delicate tannins.

## Food match

Enjoy with simple pasta dishes
