Pouilly-Fumé Domaine des Mariniers 2020

Winemaker Notes

Notes of citrus zest and passion fruit on the nose with mango and pineapple on the palate.

Vineyard

Grown on flint and limestone soils and sandy terraces.

Winemaking

Following on from cold static settling, the fermentation takes place at low temperatures in temperature controlled stainless steel tanks.

Vintage

The rains that had started in the fall did not stop until spring approached. The spring heat favoured a very early vegetative cycle. The flowering of Pinot and then Sauvignon was short and above all well ahead of the last vintages. Unfortunately, the first heatwaves arrived in June. The water so abundant in winter was already lacking in July. The veraison took place early, suggesting a harvest at the end of August. Then another disaster struck where localized hailstorms damaged certain slopes of the vineyards, while the heat of the sun burned the overly exposed berries. In August, humid and hot weather confirmed the precocity of the harvest. September turned out to be one of the hottest, injecting significant momentum into the ripening of the grapes, concentrating sugars and acidity. The harvest started on the 30th of August. Despite all the challenges, there is an aromatic elegance and good balance on the palate that characterize the 2020 vintage.

Food match

Grilled and Roasted White Meats

It is a perfect match for sea urchins, grilled sea bass, fish in a sauce and seafood, as well as slightly spicy dishes.
