Winemaker Notes

Nose: very ripe red fruits, blackcurrant and raspberry, then liquorice. Palate: ample and solid, vanilla and jam finish.

Vineyard

The granitic slopes are oriented South-West at the end of the Hermitage hill and on fluvial terraces on the "Chassis" plot.

Winemaking

Vinification is made in small concrete tank. Fermenting is long and lasts around one month to polymerize tannins. Only free-run juice is used. This wine is entirely matured in oak casks (with a percentage of new ones) from 14 to 18 months.

Food match

Great with duck
