Winemaker Notes

An expressive and complex wine with aromas of very ripe black fruits (elderberry & blackberry) along with some spicy scents (pepper & Garrigue). The palate has a great attack, with tight but silky tannins. You will notice the dominance of spicy scents, a lot of richness, a good length and very ethereal finish.

Vineyard

Grapes are hand-harvested, the Grenache is grown on gneiss soil & the syrah on calcareous clay.

Winemaking

The extraction is only performed by punching of the cap during a long maceration which lasts at least 4 weeks.
