Résonance Vineyard Pinot Noir 2015

Winemaker Notes

The wine has a very nice ruby colour with at first a restrained bouquet that opens up after few minutes. Aromas of ripe fruits and spices are supported by nice and subtle oak notes. The mouth is tight, lively and at the same time mellow. On the palate the tannins are well integrated, with a nice structure, displaying a very interesting minerality typical of the Résonance Vineyard soil.

Vineyard

Résonance Vineyard is situated in the Yamhill-Carlton AVA, which is located within Oregon's Willamette Valley, just west of Carlton at the foothills of the Coast Range. It is a 13ha property, with 8 ha of vineyard planted with Pinot Noir. The vineyard sits on a convex portion of a low, west-east oriented ridge emerging out of the Coast Range, at an altitude of 80 to 150 meters above sea level. Soils are primarily Willakenzie (old sedimentary deposits) and Yamhill (ancient submarine basaltic soil).

Winemaking

Traditional red wine vinification followed by 15 months ageing in French oak barrels (50% new).

Vintage

The 2015 vintage began with warm weather conditions in the winter that continued throughout spring and summer. Some rain in late August and a return to normal conditions in September gave way to what was an intense growing season. The result was concentrated, balanced fruit.

Food match

Grilled and Roasted Red Meats

Brilliantly versatile, perfect with red or white meats or try with a cheese board.
