Dry                    Medium                    Sweet

Tasting note printed  
13/02/2026

## Vineyard

The Domaine Romy is a property of 30 hectares in the area of the 'Pierres Dorées' in the south of Beaujolais. This Chardonnay is made from vines located on Morancé hill.

## Winemaking

The grapes are pressed and a controlled, cool fermentation takes place immediately in stainless steel tanks. Malolactic fermentation is only partial to retain some of the crispness. Bottling happens after 8 months.

## Vintage

2021 vintage was difficult but, ultimately, surprisingly successful.

## Food match

Try it as an aperitif or on fish and shellfish dishes.
