Winemaker Notes

The Pinot Grigio has enticing aromas of ripe pear and fresh blossoms with hints of baking spice. The palate is rich moreish with delicately balanced acidity leading to a delicious off-dry finish.

Vineyard

The wine is crafted from vineyards throughout the Marlborough region, each contributing unique characteristics to the finished blend.

Winemaking

The grapes are gently pressed, the juice is settled and clarified prior to cool fermentation in stainless steel tanks with selected aromatic yeast strains. The individual parcels are aged on yeast lees for a brief period before blending and preparation for bottling.

Vintage

The 2025 Vintage was characterised by bumper crops and nice settled weather allowing slow even ripening. This resulted in elegant wines with great purity and freshness.
